Objective:
Experienced and passionate Senior Web Developer with a Public Trust Clarence seeking full-time permanent, remote opportunities to leverage extensive skills in WordPress, Drupal, Python, JavaScript and A.I. development within large, dynamic government and educational organizations.

Professional Skills:

- Expert in WordPress and Drupal development, including custom themes, plugins, modules, and short codes.
- Proficient in full-stack web development: PHP, MySQL, JavaScript, HTML, CSS.
- Experienced in Content Management Systems API integration, and database management.
- Skilled in Agile methodologies, DevSecOps practices, and CI/CD pipelines (Jenkins, Git, Gitlab, GitHub).
- Skilled in integration of A.I. Api's with Content Management Systems.
- Experienced with Google Cloud Platform, Amazon Web Services, shared and private cloud hosting management.

Relevant Professional Experience:

HWC Inc., Washington, DC
Associate Drupal Developer (5/21 - 6/23)

- Developed and maintained 3 high-traffic federal Drupal 9 websites in Google Cloud Platform
- Enhanced development processes, achieving a 300% increase in code development speed.
- Created custom Drupal modules and integrated Highcharts for data visualization.

Infosys Ltd., Bellevue, WA
Technology Lead @ Boeing (6/19 – 6/20)

- Led the development of an internal WordPress web portal, significantly improving content management and analytics capabilities.
- Eliminated the need for a 12-person offshore team by implementing Elementor so end user could edit content and theme design.

Appian InfoTech @ Infosys Ltd. @ Boeing, Bellevue, WA
Sr. PHP/WordPress Programmer (4/19 - 6/19)

- Developed and maintained an internal WordPress portal, integrating custom MySQL, Java reports and shortcodes.

GeekZoneHosting.Com, LLC, Bothell, WA
Founder (1/90 - Present)

- Provide web hosting, development, and training services.
- Developed 30+ web CMS projects.
- Developed and integrated various A.I. plugins and tools that utilize ChatGPT, Eleven Labs and Open source A.I. Tools.

Education:

- AAS/T Web Applications Programming Technology, Cascadia Community College, Bothell, 2012.
- Certificate in Database Development, Cascadia Community College, Bothell, 2011.
